PORTESHAM SURGERY

List of Charges for non-NHS work

Most NHS services are free of charge, including GP and nurse appointments, referrals, childhood immunisations, standard travel vaccinations, tetanus boosters, flu jabs, emergency treatment and most hospital treatments. There is a standard charge for each prescription although many patients are exempt from paying (ask at the dispensary for details). However some services are not part of the basic healthcare responsibilities of a GP surgery and must be paid for by the patient at the time of provision of the service.

Certificates and Reports (including VAT where this is chargeable)

Please note that during COVID-19 we are unable to undertake the reports highlighted in red as urgent, and therefore the requests will not be completed within our usual timeframes.
